

PROJECT PLANNING PHASE

Comic Craft

1. Project Overview

Comic Craft is a creative project focused on planning and developing a simple comic. The project combines storytelling, characters, dialogue, illustrations, and page design to create an engaging comic for readers.

2. Project Objectives

1. To create an interesting and easy-to-understand comic story.
2. To develop unique characters and meaningful dialogue.
3. To plan the comic pages and illustrations clearly.
4. To improve creativity, drawing, and storytelling skills.
5. To complete the comic within the planned time.

3. Planning Activities

Activity	Plan
Choose Theme	Select the main idea and message of the comic.
Create Characters	Decide character names, roles, and personalities.
Develop Story	Prepare the beginning, middle, and ending.
Write Dialogue	Create short and suitable conversations.
Sketch Pages	Plan panels, scenes, speech bubbles, and drawings.
Final Design	Draw, colour, arrange, and check the complete comic.

4. Resources Required

- Paper or drawing sheets
- Pencils, eraser and ruler
- Colour pencils or sketch pens
- Computer/mobile for digital design (if needed)
- Comic-making or drawing software (optional)

5. Expected Outcome

The final outcome will be a complete, attractive, and easy-to-read comic with a clear story, well-planned characters, suitable dialogue, and organized illustrations.

6. Conclusion

Proper planning is the first step in creating a successful comic. By deciding the theme, characters, story, dialogue, and page layout in advance, Comic Craft can be completed in an organized and

creative way.
